

NTG Clarity Networks Inc.

Your Network Services Partner

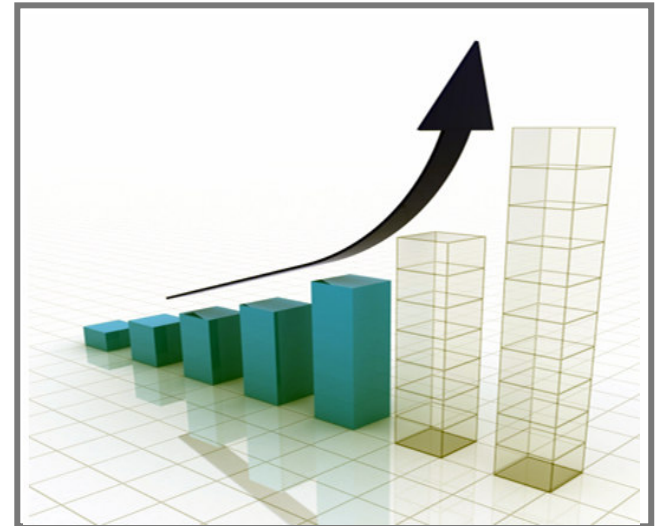

TSX Venture: NCI

NTG Corporate Overview

- Telecom and IT infrastructure solutions provider and a world leader in the telecommunications OSS market
- Established in 1992, servicing telecom, utilities, enterprise and government.
- Offices and operations in Canada (Toronto), Egypt (Cairo, Aswan), Saudi Arabia (Riyadh), Bahrain, Qatar, Kuwait and Algeria.
- 140 IT, Network and engineering professionals and over 200 senior consultants and associates.
- Track record in designing, developing, and supporting advanced systems, networks, OSS and e-business solutions.

Mission

NTG will be an international company that will be the leading competitive provider of high quality OSS/BSS systems to our customers while creating an environment of success for our customers, employees, and shareholders.

NTS is a totally different kind of product... the kind of product our competitors would like to have if they could start developing their products all over again.
